Thomas Mart strengthens managing board of IBC SOLAR

New Chief Sales Officer responsible for continued expansion of commercial and project business

Bad Staffelstein / Germany, June 2, 2015 – IBC SOLAR AG, a global leader in photovoltaic systems, has completed its management team in time for Intersolar Europe. The company's supervisory board has appointed Thomas Mart to the previously vacant position of Chief Sales Officer (CSO), effective June 1.

In his position as CSO, Thomas Mart is responsible for sales, marketing, product management and after-sales for project and commercial business. Mart, who holds a degree in electrical engineering, has gathered many years of sales and project experience in a variety of industrial environments and international markets. Most recently, he was responsible for SIEMENS AG's photovoltaics divisions in the US and in Germany.

"In Thomas Mart, we have gained a photovoltaics specialist who is as experienced as he is committed," said Gertrud Moll-Möhrstedt, chairwoman of the IBC SOLAR AG supervisory board. "Our ongoing internationalisation will be a key area of focus for us in the coming years. Together with the existing managers, Udo Möhrstedt and Jörg Eggersdorfer, Thomas Mart will drive forward IBC SOLAR's successful further development in the German and international project and commercial business."

About IBC SOLAR
IBC SOLAR is a leading global specialist in photovoltaic systems, offering complete solutions for power production from solar energy. The family-owned and operated company covers the entire spectrum, from planning to the turnkey handover of photovoltaic installations. Globally, IBC SOLAR has already implemented more than 160,000 photovoltaic systems with a total capacity of more than 2.7 gigawatts (GWp). The scale of these installations ranges from photovoltaic power plants and solar parks, which feed electricity into the grid, to systems for commercial self-consumption and off-grid systems. IBC SOLAR sells its photovoltaic components and systems over an extensive network of local installers. As project developer, IBC SOLAR plans, implements and offer large scale solar projects worldwide. Through maintenance and monitoring, IBC SOLAR ensures an optimal performance of the solar parks.

IBC SOLAR was founded in 1982 in Bad Staffelstein, Germany, by CEO Udo Möhrstedt. IBC SOLAR is represented by several subsidiaries around the world and is directed from its headquarters in Bad Staffelstein.
